Start of Week:
I.   This week I will accomplish: Combining my own rendering context with the slingshot demo I found online.

II.   In general I am having problems with the following: I am having problems with drawing the new objects. I have successfully made them but they do not show up on the screen, so I have to make a new method to draw non rectangles.

III.   I need help with the following: Fixing all of my errors and bugs that are related with incorporating my slingshot.
